COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Superintendent of the Water District, Bruce Bailey, has announced water use is no longer curtailed. He has discovered some leaks in the system which he feels may have been at least some of the problem of not having the pressure required to fill the reservoir on Paradise. There is the possibility more leaks exist. Mr. Bailey hopes if the ground water stabilizes he can determine where these might be.

Tax bills will be in the mail next week. Individual taxes are computed. The assessors will commit the taxes to the tax collector Monday night. The rate will be \$1.00 per thousand lower than last year. The 1973 tax rate is \$50 per thousand.

Persons who wish to connect to the new extensions on the sewer should contact Francis Doon who can usually be found at the plant site. He has the necessary information they will need to find the pipe extending toward their property.

LIONS SIGHT-SAVING REPORT

—THANKS TO A FRIENDLY TOWN

Bethel Lions Club announced last night that during the fiscal year 1972-1973 they had provided eye examinations and eyeglasses to more than 18 individuals, most of them youngsters, who otherwise would not have had the funds to provide the necessities. Club dues, plus the proceeds from Lions Light Bulb Sales, and Mollyckett Day defray these expenses.

Each year, a member of the Lions Club visits the businesses in town for donations. This year's canvass has just been completed and the Lions want to express their deep thanks and appreciation to those whose hearts are still warm enough to remember kids. Over 95% of those contacted came through. A list of those contributing follows. Please think of these fine people when you shop or eat out.
